## *Our Dearest Friends,*

Warmest season's greetings to you!

As we near the end of another year, our hearts are filled with gratitude to God for sustaining us and bringing us further along in taking God's compassionate love to His people.

This year has seen its challenges but God has truly seen us through. We are thankful for all our friends like you who have prayed and supported us. You have truly brought hope to those in despair, food for the hungry and a chance to realize a dream; one child, one person at a time.

Our Children's work continues to bring great rewards as we see those poor, neglected and orphan given the basics of food, shelter, and clothing. We do this in our children homes and through our family care programs where we help the children within their own families. To this we add the key of

education to break the cycle of poverty and then an eternal hope to encourage them along their way.

Vishali and Vidhya are 5 year old twins that were brought to us this year. They were born out of an affair of an older man and young woman. Their father is an alcoholic and abusive and refused to marry their mother. The children were abandoned with the grandfather. Without proper work and suffering from ill health himself, he did the best he could. He told us knowing of the danger of human trafficking added to their poverty, he brought them to our children home. The children are in Kindergarten now and have the chance to be normal 5 year olds. We ask for your prayers as these little ones grow in an environment of love and hope.

The government has implemented many new laws and regulations in relation to working with children. We applaud their efforts to safeguard vulnerable children and attack the scourge of human trafficking. However, this has imposed a large financial burden as we race to meet these new requirements. We are

grateful to all of you who have helped us in this task! We are happy to report many of our homes have received their certification and others have received provisional certification. We hope to meet those requirements soon.

We appreciate any gift you give towards this work. We were able with your help to remodel buildings, make important renovations, build new facilities such as toilets and bathrooms and buy new needed equipment.

Our schools are doing good and bringing a good, quality education to the poor and those marginalized and lost in the gaps of poverty. Our schools aim to help those in the lower strata of society receive an opportunity at education which will lift them out of their circumstances. We do this never forgetting to instill a solid foundation of positive values, which will steer their life. Our efforts are succeeding and some of schools having a waiting list of children to get in.

Our Medical work continues to bring healing to many and our outreach and work with Leprosy patients brings them dignity and care. Medical work

requires lots of resources and we are thankful to God for each of you who help us bring healing.

Our churches are growing and increasing in Godly influence in their communities. In a time when hostile environments to Christianity seem to increase day-by-day, our churches have stayed strong. God has protected our people even when facing physical harm and opened new doors to reach out with God's compassionate love. India has traditionally been a place of tolerance with a people of grace and spiritual openness. A small group of intolerant fundamentalist would seek to destroy this tapestry and we pray peace to rule in everyone's heart

We are grateful to God for His care and for many of our friends who have stood by us in prayer and in helping us build churches that not only provide a

sanctuary of worship but a place of safety in worship. We continue to seek to reach out to all states of India and we are well on our way. We look forward to the day when we will be able to report to you that there is a Manna Church in every state.

We are happy to report that our work has reached beyond our natural borders and now we have churches in Kuwait and Dubai along with our Bible College in South Africa. Thank you for your prayers!

This year we were thrilled to celebrate the 80<sup>th</sup> birthday and milestone of 60 years in ministry of our Founder and visionary, Bishop Ernest Paul Komanapalli. During our annual pastors conference, we had a grand celebration of a life given in faithfulness to God and given in passion for the betterment of humanity. The vision he has given us is the bedrock of all we do and the example he has set before us drives us to be better servants of God who reach out in God's compassionate love.

We are grateful to each and every one of you who pray for us and help us keep moving forward with your sacrificial giving. It does change things and it does matter to a child and person who have been given help, hope, compassion and a chance at a bright future.

Thank you for standing with us this year and we look forward to making a difference together in 2018!
